Brother TZe laminated labels - designed to last

Brother P-touch laminated TZe tapes consist of seven layers of materials, resulting in a thin, extremely strong label. Characters are formed with a thermal transfer ink and sandwiched between two protective layers of PET (polyester film). The result is a virtually indestructible label that can withstand even the harshest conditions.

Brother iLink&Label App

Connects project data in Fluke Networks Linkware™ Live with Brother PT-E550WVP Labelling Tool to dramatically simplify and streamline cable label printing. The industry's first and only jobsite workflow solution for printing labels virtually from a tester. Eliminates duplicate data entry into both devices, helps reduce human input errors, and makes labelling large data centres faster and easier than ever.
